

Trip report 'Dorman Point and Killarney Lake, Bowen Island. – October 27, 2019'

Bowen Island, only 15 minutes ferry ride away but feel like we are in a whole different world. Relaxing atmosphere, beautiful scenery, lake, view and friendly people. Autumn is a beautiful season to visit this island.

There were twelve of us (8 BOCers and 4 guests) came to this island hike/walk. At 10:30am, we set foot on Bowen Island. This time we decided to hike the Dorman Point first when we are still full of energy. We hiked up to Dorman Point and were treated with beautiful view. After Dorman Point, we started our second hike of the day, Killarney Lake. At 12:30pm, we had arrived the lake picnic area and enjoyed our lunch. Weather was nice and cool. Not a drop of rain whole day on the island. Any good weather in October is a bonus for us hikers.

After finish hiking Killarney Lake, we were back to town center around 3:30 pm. We caught the 4pm ferry home feeling happy and content.
