

Crescent Beach and Crescent Park, South Surrey July 1, 2021.

Happy Canada Day!!! This walk was originally scheduled on June 27 which was 40+ degree. We decided to move this trip to July 1st and celebrated Canada Day. What a pleasant weather we had. We started our walk with 2 BOC members and 1 guest. Our guest enjoyed it so much and decided to join BOC. Welcome Connie.

We met at 10am in the quiet residential area and started our walk. First we passed through various local trails which connected us to Crescent Park. After explored Crescent Park, we then pass thru few blocks of quiet street to Crescent Beach. There was an pop-up 'Art & Crafts' Market that day. We spend some time to appreciate the beautiful art works and talked to local artists. Feel like tourists having day trip on a island. After the art market, we had lunch by Crescent Beach, and then explored more of the beach, enjoy beautiful view of Blackie Spit and retraced our route back to our cars.
