

Indian Arm Parks, North Van.

Monday, February 21, 2022 (Family Day)

Gratefully we had a beautiful day that's perfect for a leisure walk/hike. We had total 15 BOCers and guests to join this hike. We introduced ourself and welcomed guests at Cates Park before we started the hike.

We began with strolling along the shoreline in Cates Park and some residential streets with harbour views. Then, we passed through Myrtle Park and took a water break at Strathcona Park. It's so relaxing to take a break and share snacks with each other near the stunning seashore. After the break, we passed through Wickenden Park and finally arrived Deep Cove Park. Everyone was so excited to walk around the area and some of us even grasped some donuts! Though it's quite windy in Deep Cove Park, we were recharged by the scenic views and lunch. After lunch, we followed the same way back to Cates Park by 2pm. It's such a wonderful day and we were happy to spend times with our BOC family :)
