

There were 11 people sign up for this hike. Since we only allow 6 people on the hike due to COVID-19 restriction, we decided to divide to two groups with different meeting time. Group 1 met at 9:30am and group 2 met at 9:35am at the Golden Ears East Canyon parking lot. That way we can accommodate more hikers and still keep social distance.

It was a beautiful sunny day. We started our hike via Lower Falls Trail and after having a close look at the Lower Falls continue on the East Canyon Trail. Crossing the bridge at the Gold Creek and return to the parking lot via the West Canyon Trail. Saw different kind of mushrooms.
