

Mosquito & Mahon Creeks: February 5, 2023 – Jim McCavour

Eleven members and two guests enjoyed these very pleasant trails in lower North Vancouver.

Despite thick clouds no rain fell as we left the starting point not far from Marine Drive, proceeded up Mosquito Creek, and underneath Highway 1's dual bridges.

The path does connect higher up with the Baden-Powell trail, however our turnaround came after passing under the Montroyal Boulevard bridge.

Small waterfalls provided excellent scenery and viewpoints, and sounds of the rushing creek beside us added to our appreciation of this trip.

After lunch, the group completed the shorter nearby trail in Mahon Park.

Thanks to David, Gerard and Diana for driving.
