to me, Jim

Strachan actually has two peaks. After a lengthy trek up the Collins downhill ski run, which has excellent views of Vancouver and the Gulf Islands, we reached Peak 1. Here we enjoyed fine vistas of the Sunshine Coast, the Lions and north to the Squamish area. Peak 2, which involves a steep drop from Peak 1 followed by a scramble up to the highest point, was superb. 360 degree views on a cloudless day !

Thanks to Yoko for great photos
Thanks to our drivers: Jacques, Monisha and Catherine.
And to Jacques & Connie for handling end-person duties.
