

Al's Habrich Ridge Trail Hike
September 10th, 2023 – Jim McCavour

Eleven members enjoyed spectacular vistas as the Sea-to-Sky Gondola rose almost 900 meters to the Summit Lodge.

Being among the first to arrive, we visited the uncrowded suspension bridge and viewing platform for Sky Pilot and Co-Pilot Mountains.

On the Habrich trail itself, the group followed red markers on a rugged path for more views of Howe Sound, Squamish and surrounding areas.

Rope-assist was provided on two rocky areas. After two hours we reached the high point panorama, and ate lunch in the sun.

This hike was a first for everyone. A great experience !

Thanks to Gerard for driving, and for the fine photos of this trip.
