to me, Jim, Loretta

On a bright sunny July day, the BOC returned to this scenic venue for the first time in five years. Hiking the well-marked loop trail brought us to a series of pretty lakes named Edith, Fawn and Stump, along with access to the rushing Chee-Kye River and its views of the Tantalus Range. Once back at Alice Lake, swimming was next on the agenda, followed by a delicious potluck lunch. This included appetizers, salads, main courses, and desserts. What a feast!

Thanks to Winnie and Loretta for arriving early and guarding the lakeside picnic tables, while the rest of completed the hike

Also kudos to our drivers: Monisha and Catherine R., and to our photographers Lorretta and Yoko.

Jim
