

Vancouver's Seawall & Seaside Part I (Stanley Park, English Bay, Science World) ~ December 19, 2021

We were very fortunate to have a lovely, sunny day for our outing. There were 13 happy and energetic BOCers and guests met at the Canada Place at 8:45 am. We started our walk from Waterfront Sky train station, walked along Seaside trail and loop around sea wall of Stanley Park. One section of the sea wall was damaged due to the severe rain storm on November. We had to detour and hike up to Prospect Point which gave us good workout. After short break, we then headed down to the other side of seawall, had our lunch at the Third Beach area. After lunch we continued our walk along English Bay and finish at Science World Sky train station.

We were happy to accomplish this 24 km, 6 hours walk. We also welcome two guests (Collin and Arthur) to join our BOC family.
